23' Venture Specifications

Features:

Standard five year hull warranty.

The Venture Series of boats feature a deeper V, a little more deadrise and reverse chines. Average towing weight is 5000 lbs. (boat, motor, trailer and fuel).

Cockpit:

- 5'1" long x 6'1" wide.
- Comfortably fits up to 4 people.

Cabin:

- Over 6'4" of headroom.
- Comfortably fits up to 4 people.
- Fully lined with foam insulated marine vinyl.
- Dinette located along port side of cabin includes storage under its seats and converts to a 6'4" berth.
- Forward section of cabin features a 6'4" "V" berth that is separated from the main cabin by a privacy curtain and includes two reading lights and Bomar 22' aluminum frame hatch with tinted lens.
- Cabinetry composed of fiberglass with 3/4" decaeguard marine grade plywood doors with teak wood trim.

Construction:

- Fiberglass hull, decks, cabinetry and pilothouse are laid with the use of balsa core composite construction. The use of cored sandwich construction in the bottom, decks and bulkheads, in combination with the deeply molded plank lines, give the boat incredible strength and stiffness.
- All color accents and top deck non-skid patterns are molded-in.

Hardware:

- Diamond Sea Glaze windows with aluminum frames that are powder coated to match the color of the boat. Sliding side windows with screens and standard center opening window.
- All deck hardware is stainless steel and through bolted. Top deck is 3/4" thick.
- Deck hardware includes five through bolted SS cleats.
- Electric windshield wipers with pantographic arms.

Non-Skid:

- The top deck's non-skid is molded in diamond pattern and the cockpit sole is coated in a gelcoat and sand finish that is renewable. Optional two-tone non-skid available.

Performance Notes:

- Standard 60 gallon fuel system located under the motor well.
- Boat will plane comfortably at a low speed of 10-12 MPH.
- Maximum horsepower is 150.
