WHY C-DORY?

PROUD HISTORY AND TRADITION

C-Dory has been taking boaters to seldom visited waterways, favorite fishing holes, dive reefs and waterside communities for over 40 years. Whether you're seeking a cruising, fishing or diving boat, C-Dory has the right boat for you. At Northwest Marine Industries we have been careful to maintain the integrity of these boats while making small tweaks to the fit and finish. We understand that many brands need to change with the times, so we have been deliberate about preserving the look and feel of the C-Dory brand. We build the boats with great pride and attention to detail. That's the NMI way.

SUPERIOR PRODUCTS & CRAFTSMANSHIP

We have a long history of building high-quality fiberglass boats at our factory in Bellingham, Washington. Our boats are produced to offer customers low maintenance operation.

STRONG, FAST AND FUEL EFFICIENT

All models of the C-Dory fleet boast exceptional range and fuel economy.

22' ANGLER

HOLDS COURSE WITH LITTLE EFFORT

The 22' Angler is derived from the original 22' design that was first introduced in January 1987. The Angler, as the name implies, features a larger aft cockpit than the Cruiser to accommodate sportsmen and their gear. Although a full 22' boat with a cabin, it is relatively light and well balanced for easy towing and invites the owner to explore waters far from home. The hull's flatness toward the stern greatly reduces the rolling motions, making cruising in rough water much more pleasant.

FEATURES

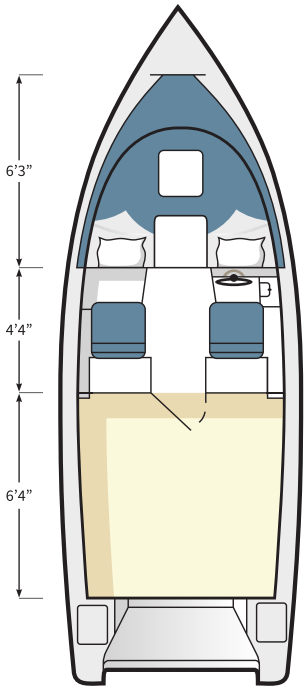

- Forward section of the cabin features 6'3" V berth that is separated from the main cabin by a privacy curtain and includes two reading lights, portable toilet, and 22" aluminum framed hatch with tinted lens
- Cabinetry is composed of fiberglass
- Built to accommodate up to a 115 HP outboard engine
- Tremendous fuel efficiency

THIS ECONOMICAL BOAT IS A PERFECT FIT FOR A STREAMLINED EXPERIENCE ON THE WATER

LENGTH 22'0"	FUEL CAPACITY 46gal	HORSEPOWER 115hp
BEAM 7'8"	WEIGHT 2085lbs	PASSENGERS 4

Height on trailer	9'1"
Weight	2085lbs
Power (outboard)	up to 115hp
Fuel capacity	up to 46gal
Balsa core composite + fiberglass	

22' CRUISER

MODERN COMFORT AND CONVENIENCE

The most popular since its inception in 1987, the 22' Cruiser keeps getting better and better. Many refinements based on customer input rather than on fashion trends, have been incorporated over the years. Materials used in the construction of the boat have been constantly upgraded, ensuring that the model keeps pace with the technology available today. Although a full-size cabin cruiser, it is relatively light and well balanced for easy towing. This boat is popular among owners who have travelled the Great Loop.

FEATURES

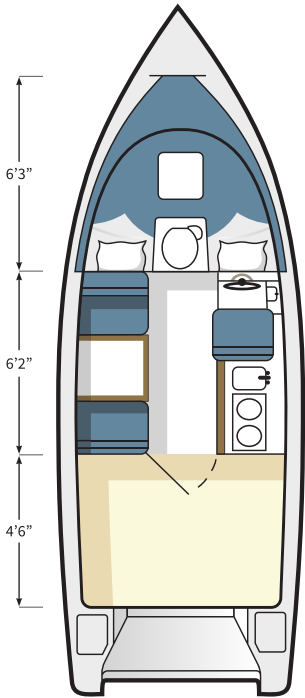

- Designed and engineered to handle up to a single 115 HP outboard engine
- Designed to cruise comfortably at a moderate speed
- Fully customizable
- Incredible range with exceptional fuel efficiency

23' VENTURE

A CRUISER AND FISHERMAN'S DREAM

The venture models of the C-Dory line are finished to standards that are known to the brand but offer some extra touches to improve and enhance your boating experience. Walls are covered with a smooth foam-backed vinyl to create a quiet and warm ride so that boaters can experience a more luxurious feel while out on the water. As with all C-Dory models, the option of pulling ashore for an afternoon or cruising into a beautiful sunset, this boat is the answer. An incredible vessel with a great hull design, the 23 Venture is an ideal, economical option for the boater who wants it all.

FEATURES

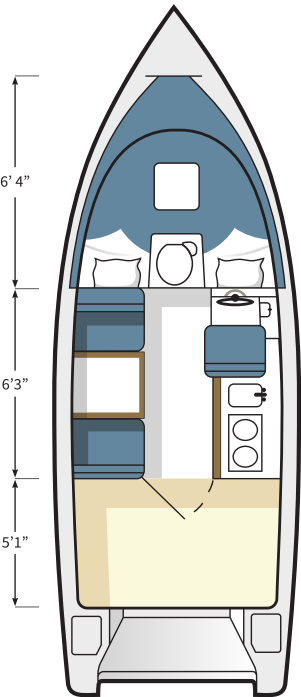

- Ample cockpit space for comfortable fishing
- 7° bottom makes it a smoother ride in choppy water
- Designed and engineered to handle up to a single 150 HP outboard engine
- Cozy cabin with over 6'4" of headroom, includes sleeping area and pilot's station
- Cabin includes dinette located along the port side of the cabin which converts into a 6'4" berth

THE 23' VENTURE OFFERS A DEEPER V HULL DESIGN AND SEVERAL MORE INCHES OF DEAD RISE

Fuel capacity	60gal
Water capacity	19.5gal
Foam core composite + fiberglass	

23' VENTURE SPORT

SMOOTH CRUISING IN OPEN WATERS

The 23 Venture Sport is a streamlined version of the 23 Venture meant to thrive in warm climate conditions. Again, the boat offers a deeper V hull design and can handle the changing conditions on the water. The Venture Sport has a painted interior best suited to thrive in hot climates keeping the cabin cool on hot days out on the water. These boats are light and can be trailered easily. The 23 Venture Sport includes all the options available in a 22' Cruiser but with a different feel. This lightweight economical dream can take you anywhere you want to go in comfort and stability.

FEATURES

- All color accents and top deck non-skid patterns are molded-in
- Lightweight and easily trailered
- Classic C-Dory design allows it to dock or beach virtually anywhere
- Painted interior easy to maintain
- Economical and able to handle a variety of waters

THE 23' VENTURE SPORT HOLDS HER COURSE WITH LITTLE EFFORT AND GREAT PREDICTABILITY

25' CRUISER

MAKE YOUR TRAVELS ENJOYABLE

The 25' Cruiser is longer, wider and taller than the 22' Cruiser. With the added size we are able to incorporate many of the features that so many C-Dory 22' owners have asked for in a larger boat. The additional features include: enclosed head and shower, larger galley and a forward viewing companion seat. The 25' Cruiser provides a spacious self-bailing aft cockpit. Welded stainless steel railings provide a feeling of security, even in rough waters.

FEATURES

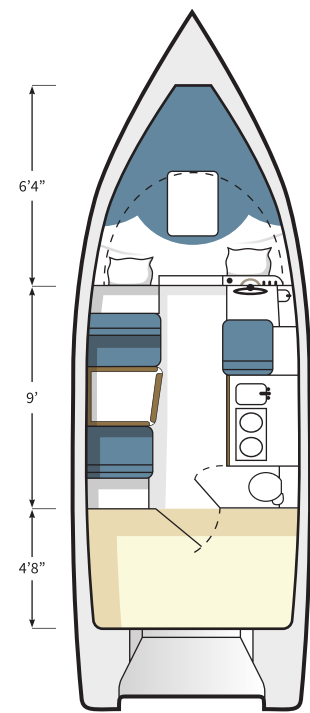

- Average towing is about 6340 lbs. (including the boat, motor, trailer, and fuel)
- All deck hardware is stainless steel and top deck is ¾" thick
- Deck hardware includes 5 through-bolted stainless steel cleats
- All color accents and top deck non-skid patterns are molded-in
- Easily transported via trailer
- Classic C-Dory design allows it to dock or beach virtually anywhere

THE 25' CRUISER OFFERS LOTS OF STORAGE, A FULLY LOADED AND ROOMY GALLEY

LENGTH 25'5"	FUEL CAPACITY 100gal	HORSEPOWER 200hp

26' VENTURE

RIDE IN COMFORT

Engineering has prevailed, providing an incredibly balanced boat in all seas that is also the most fuel efficient in its class. Built to withstand the toughest water, our 26 stretches the typical C-Dory mold by offering spacious cabin seating and snoozing, while offering a tremendous deck area that allows for comfortable fishing, crabbing, and prawning. Proven to be a top choice for those who have traveled the Great Loop, allow yourself the opportunity to play in a pilothouse that packs amenities, luxury, and functionality into one premier 26-foot masterpiece.

FEATURES

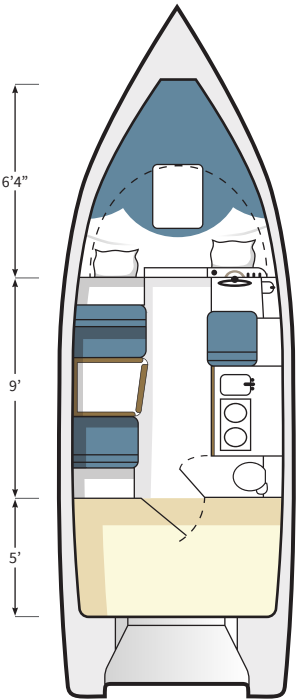

- All color accents and top deck non-skid patterns are molded in
- All deck hardware is stainless steel and through-bolted
- Top deck is ¾" thick
- Electric windshield wipers with pantographic arms
- Classic C-Dory design allows it to dock or beach virtually anywhere
- Expansive cockpit
- Great ride

A DEEPER V, A LITTLE MORE DEADRISE AND REVERSE CHINES PROVIDE CONTROL AND COMFORT

Foam core composite + fiberglass	

26' VENTURE SPORT

CRUISE COMFORTABLY

Maneuverability at speed is balanced and predictable, even in heavy seas. The boat holds her course with little effort. The hull’s near flatness toward the stern and reverse chines greatly reduces the rolling motions, making cruising in rough water much more pleasant. The forward section of the cabin features a 6’4” “V” berth that is separated from the main cabin by a privacy curtain and includes two reading lights and an aluminum framed hatch with tinted lens. The pilot station and galley are located on the starboard side and includes a stainless steel sink and 23 gallon water supply (6 gallon hot water tank).

FEATURES

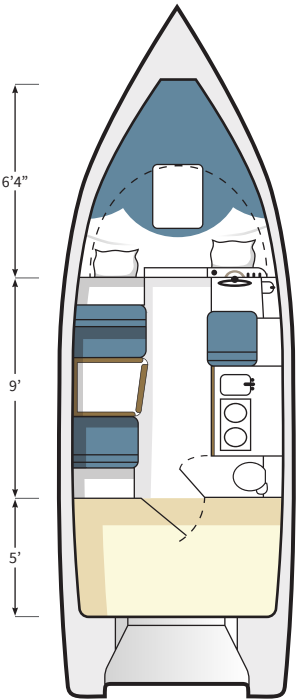

- Over 6’4” of headroom
- Dinette located along port side of cabin and includes storage under its seats and converts to 6’4” berth
- Stand up head with marine toilet and shower
- Painted interior easy to maintain
- Designed and engineered to handle up to a single 200 HP outboard engine

CLASSIC C-DORY DESIGN ALLOWS IT TO DOCK OR BEACH VIRTUALLY ANYWHERE

25' TOMCAT SPORT

RIDES & CORNERS WITHOUT ANY ROLL

The 25' TomCat Sport runs flat and dry. The railings are all made of the highest grade 316 stainless steel and are oversized for extra strength. Four foot insulated fish boxes with pumps provide plenty of room for the days' catch. They also serve well as additional cockpit storage. Twin engines provide maneuverability around the dock and peace of mind when out on the water. A spacious all weather pilothouse with an enclosed head and shower, make the TomCat 255 a very smart trailerable vessel.

FEATURES

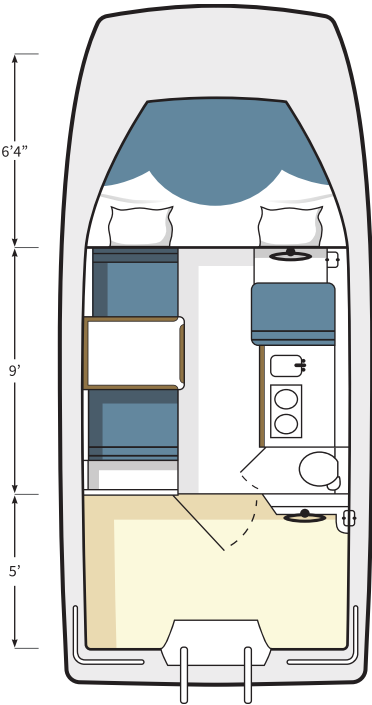

- All color accents and top deck non-skid patterns are molded-in
- All deck hardware is stainless steel and top deck is 3/4" thick
- Deck hardware includes 5 through-bolted stainless steel cleats
- Electric windshield wipers with pantographic arms
- Easily transported via trailer
- The classic catamaran design allows it to dock or beach virtually anywhere
- Huge queen size bed
- Ability to handle chop at high speeds

Water capacity	30gal
Foam + fiberglass composite	

UNIQUE AND BOLD

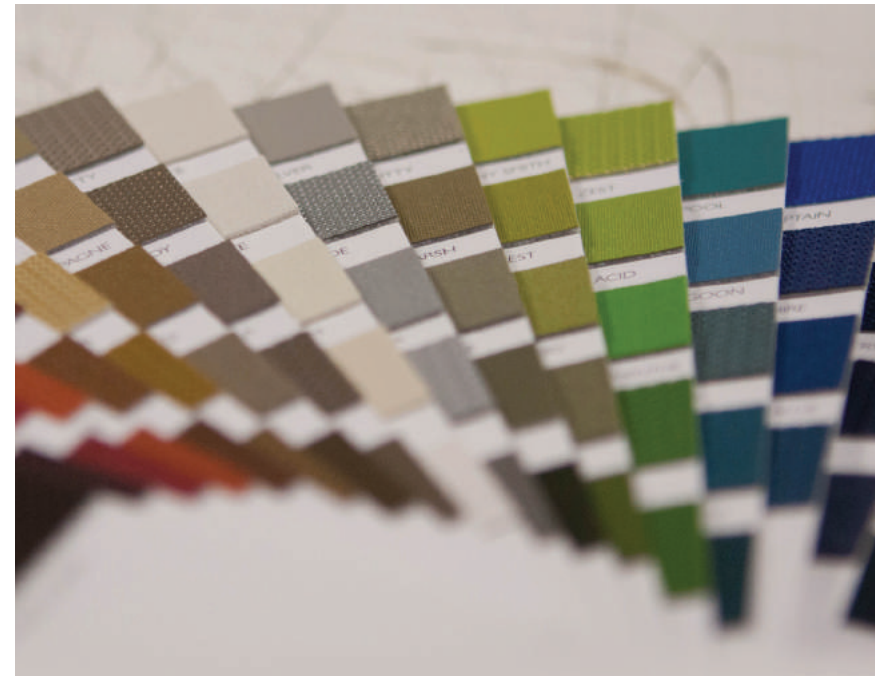

RECOGNIZABLE AS A TRUE CLASSIC

There is no other boat out there like a C-Dory. Owning a C-Dory puts you in an elite club of individuals that are proud of their investment. We honor that pride by continuing to build a product that is second to none.

POWER

C-dory has a tested history of time on the water. Through sea trials and owner testimonials, we have determined what outboard power is best suited for each boat . We are not tied to any particular motor company so we can rig boats with outboard power preferred by the purchaser.

UPHOLSTERY

All tastes are different so we figure we should honor that. Our custom upholstery department can cut, shape, mend, hem any type of fabric in any color or size. We offer a broad range of products to choose from. We can also build custom cushions depending on body frame and preferences.

AESTHETICS

Selecting the right color combination for your C-Dory is often not easy as they all look so glorious. We offer many different color options and layouts to fit any desire. We match you up with real life color chips to make sure the choice is right for you.

CONFIGURATIONS

C-Dory proudly offers boat models from 22-26 feet. The models are tried and true, and offer reliability, luxury, and performance. C-Dory boats are custom built the way you want them. We embrace the factory connection so give us a shout!

ACCESSORIES

Lights, tackle boxes, wood trim are a few of the many options we can discuss getting into the boat at the factory. We're not a monster factory floor with robots and strict assembly lines. Our boats are built by hand for each individual owner and getting to this level of detail is what differentiates C-Dory from the other boats.

EQUIPMENT

There are some really nice additions that you can have us install at the factory, from pole holders to anchor windlasses. We take you through our equipment lists and talk about locations, operations, and functionality and suit the equipment to your needs, not just to a universal boat specification.

BOATS BUILT FOR ANY ADVENTURE

Making memories is what being on the water is all about.

WARRANTY AND OWNERSHIP

As a family owned business we take our reputation very seriously. Our warranty is more than just words and a sales tool. If you have a problem, please feel free to call our factory and talk with one of our owners. We will get to the bottom of the issue and correct it. No other boat in our class can touch our coverage, our level of support, and our commitment to you as a boat owner.
